YOUTH TECH FEST

CONNECTING MINDS, CREATING FUTURES

Who we support

1,000+

Over 1,000 children from both public and private schools got identified and awarded for their projects that demonstrated passion for Creativity, Entrepreneurship, Technology, Innovation, Art, Science and Sport

8,000+

Over 8,000 children, including from the underprivileged and displaced families, got engaged in activities and events that will enable them to acquire future proof skills

400+

We acknowledged and awarded over **400 exceptional educators and trainers** for their amazing dedication to equipping our children with the future proof skills

10,000+

Provided the platform that have united over 10,000 families from different backgrounds thus enhancing cross-cultural relationships and communication based on the love for our children’s wellbeing and future
